

Truss(T) The BEAST

GreenPower Motor Company's BEAST is a purpose built zero emissions school bus. Featuring a modern monocoque chassis, it is the most durable, reliable, and safest product on the market. Our integrated body and chassis design forms a composite structure which is the GreenPower Motor Company Truss(T) factor. By using this method of manufacturing, our school buses offer a significant increase in strength and battery weight distribution. Unlike the competition, our buses have been designed from the ground-up to be zero emissions and battery-electric. In fact, the BEAST offers an unprecedented 10 year 100,000 mile structural warranty. With standard features including pass-through storage, air ride suspension, and full disc brakes, Truss(T) the Beast to get your most precious cargo to their destination.

BEAST BY GREENPOWER

BATTERY ELECTRIC AUTOMOTIVE SCHOOL TRANSPORTATION

FEATURES

Seating	90'
Length	40'
ADA Positions	Yes
Range	Up to 150 miles (280 kms)
Drivetrain	TM4
Battery Size	194kW
Charge Time and Power Requirement Standard	Single Phase, 220 Volt, 100 Amp, 22kW 8 Hours
DC Fast Charge (Optional)	Three Phase, 480 Volt, 120 Amps, 100kW 1.5 Hours

THE BEAST GIVES YOU MORE

MORE RANGE

194kWh battery comes standard with an operational range of up to 150 miles

MORE SEATING CAPACITY

Up to 90 seated passengers

MORE STANDARD FEATURES

Air ride suspension, ABS disk brakes, and passthrough storage are all standard

MORE SAFETY

Purpose built, optimal battery weight distribution, Truss chassis monocoque design

YOUR HERO TO ZERO

Zero Tailpipe Emissions
Zero Noise Pollution
